

# Master Flame™ Gas Log Sets

## INDOOR Fully Vented Gas Log Sets

### ELITE Triple Burner with LOGS

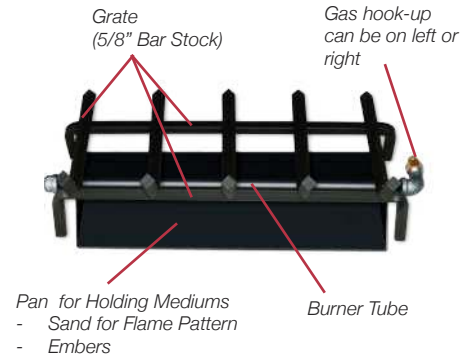

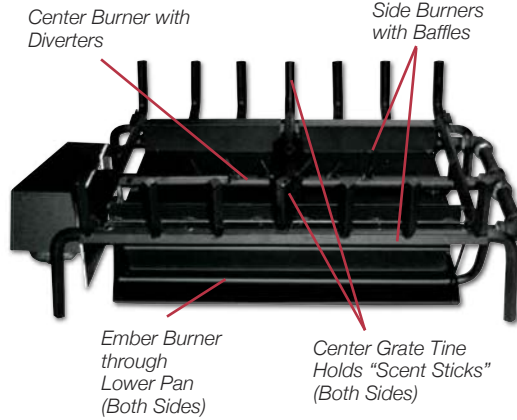

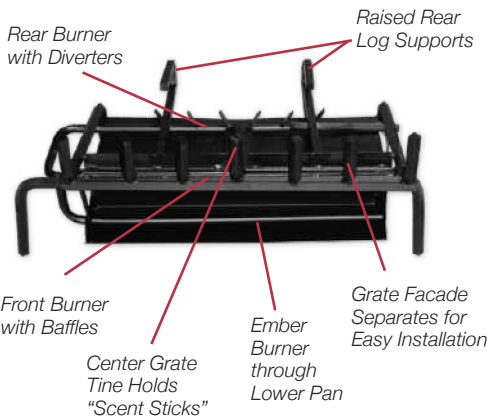

- Cleanest and most realistic burn in the industry
- Straight port injection
- Sandless - Specifically designed diverters and baffles disperse gas to provide a livelier, more natural-looking fire. No sand maintenance required.
- One piece burner - all steel construction
- Separate logs - can be configured to the owner's preference (number of logs depends on system size)
- High heat-resistant electrostatically applied, black finish
- Complete installation kit included
- Optional log accessory kit available
- Available in 18", 21", 24", 30" and 36" size burners

### ELITE GEMINI "See-Thru" 5-Burner with LOGS

- "See-Thru" two sided design for two room fireplace
- 5-Burner: Two outside burners, Center Burner and Twin Ember Burners (each side)
- Sandless - State-of-the-art diverters and baffles disperse gas to provide a livelier, more natural-looking fire. No sand maintenance required.
- One piece burner - all steel construction
- Separate logs - configured to the owner's preference (number of logs based on system size)
- High heat-resistant electrostatically applied, black finish
- Complete installation kit included
- Optional log accessory kit available
- Available in 18", 21", 24" and 30" size burners

### STANDARD Single Burner with Logs

- Separate steel grate allows optimum gas log placement for most efficient and natural-looking flame
- Welded steel pan and burner tube
- Durable welded steel grate for gas logs
- Natural Gas only - Match Lit ONLY
- Electrostatically finished with high heat-resistant black paint
- Complete installation kit included
